New Major Contract Wins

Monadelphous Group Ltd is pleased to announce that the company has recently secured over \$100 million in new major construction and maintenance services contracts.

The company's engineering construction division has been awarded a major construction contract associated with the Yabulu Nickel Extension Project at BHPBilliton's Yabulu Nickel Refinery at Townsville in Queensland. The contract, consisting of the provision of structural, mechanical and electrical works is for the construction of the Wet Plant.

On the back of ongoing iron ore development projects in Western Australia, the division has also secured a major structural and mechanical construction contract associated with the expansion of iron ore facilities at Rio Tinto Iron Ore's Yandicoogina mine in Western Australia.

Both contracts are scheduled for completion in 2006.

In addition, the company's maintenance and industrial services division has won a contract for ongoing structural refurbishment works at Rio Tinto Iron Ore's Tom Price operations in Western Australia. The contract term is two years with a further one year option.
