Yours sincerely,

Philip Trueman  
**Company Secretary**

## ASX RELEASE

18 February 2019

### MONADELPHOUS SECURES MAJOR CONSTRUCTION CONTRACT AT BHP'S SOUTH FLANK PROJECT

Engineering company Monadelphous Group Limited (ASX: MND) ("Monadelphous" or "the Company") today announced it had been awarded a major construction contract at BHP's South Flank Project in the Pilbara region of Western Australia.

The contract, which is valued at \$108 million, includes structural, mechanical, piping and electrical and instrumentation works associated with the project's outflow infrastructure. Work will commence immediately, and is expected to be completed by May 2021.

Monadelphous Managing Director, Rob Velletri, said the contract award demonstrated the strength of the Company's long-term relationship with BHP, as well as its proven track record of reliably and safely delivering large, multidisciplinary construction projects.

"BHP has been one of our core customers, for both construction and maintenance projects, for more than 20 years. We are looking forward to partnering with them on this strategically important project, and continuing to build on our proven construction capability within the iron ore sector in the Pilbara," Mr Velletri said.

"Monadelphous continues to provide a broad range of community support initiatives throughout the Pilbara, including offering local employment and supply opportunities".

The work is expected to provide approximately 400 employment opportunities.
