MONADELPHOUS CONTRACTS UPDATE

Engineering company Monadelphous Group Limited (ASX: MND) (“Monadelphous” or “the Company”) today announced the award of new construction contracts in the iron ore and renewable energy sectors, with the revenue contribution attributable to Monadelphous expected to total approximately \$340 million.

In iron ore, Mondium, the Company’s engineering, procurement and construction joint venture with Lycopodium, has been awarded a design and construct contract by Rio Tinto for a new sampling facility at a port operation located in the Pilbara region of Western Australia (WA), with work expected to be completed in mid-2026.

In addition, Monadelphous has been awarded a multidisciplinary construction contract under BHP’s WAIO Asset Panel Framework Agreement associated with the dewatering of surplus water from Orebody 32 in Newman, WA. Work is expected to be completed in the second half of 2025.

Zenviron, the Company’s full-service balance-of-plant renewable energy joint venture with ZEM Energy, has secured a contract with CS Energy, a Queensland State Government owned body, for the delivery of the Lotus Creek Wind Farm in Central Queensland. In partnership with Vestas, Zenviron will deliver the balance-of-plant civil and electrical works along with the workers’ accommodation facility, with Vestas supplying and installing the wind turbines. Work will commence immediately, with completion expected by the end of 2027.
